

Homework Check

Name \_\_\_\_\_

Minimum practice time is 10 minutes.

Day	Date	Study Time	Sign	Notes
Monday		_____Min		40 problem addition   1 min 12 sec 80 problem subtraction   3 min 12 sec 40 problem multiplication   1 min 30 sec If you have succeeded in passing all your math fact tests you may substitute reading or doing homework.
Tuesday		_____Min		
Wednesday		_____Min		
Thursday		_____Min		
Friday		_____Min		

- Although it is best to study a little every day, you may make up a missed day by studying twice as long the next day.
- Studying a small group of problems at a time is usually more effective than trying to learn the entire set of facts in one sitting.
- If it was easy, there wouldn't be an incentive program. Learning your facts takes time, effort, and patience.
